STATINTL

[redacted] informed me recently that our contract should issue in a matter of weeks, if not days. He had requested a breakdown of the internal research expenditures for the preceding year and I am pleased to provide the same:

STATINTL

The total amount charged to research in optical theory in fiscal 1964 was [redacted] was spent on designated internal projects such as matrix analyses, problems in medical optics and mathematical considerations of the transfer function. [redacted] was spent to support the work of

STATINTL

[redacted] in theoretical optics. [redacted] published several papers as a result of his support [redacted]. These papers are available to your colleagues if they are desired. [redacted] was spent for materials. If a further breakdown by months or by categories should be desired, the same is available.
